GUIDE

THEME: TOTAL HEALTH
AND WELLNESS

APRIL 30, 2011

FORWARD

Our vision is clear to lead lives of total health and wellness. Lives filled with physical, emotional, mental & spiritual good health. Each person must take personal responsibility to live a lifestyle which supports this vision. We, as African Americans, must work together to achieve our vision as a people.

Your participation in the 2011 African American Health Expo is one way to help achieve this vision. You will become aware of the many programs and services which help us. There are screenings provided so you can become aware of any illnesses which will negatively impact our vision.

Our deep appreciation is extended to the many agencies which are participating in this expo. They are listed in this guide so you can contact them. We also thank the many organizations which are our sponsors.

We thank you for taking time to come to this expo. We hope you will come each year. Invite a friend and bring your loved ones. Our vision is clear and it is for each of us.
